

SHIELDPOINT SOLUTIONS

ETHICAL & LEGAL OPERATING STANDARDS

Last Updated: February 2026

1. PURPOSE OF THIS DOCUMENT

This document outlines the ethical framework, legal boundaries, and professional standards governing all services provided by ShieldPoint Solutions. Its purpose is to ensure transparency, protect all parties involved, and clearly define how investigative and consulting engagements are conducted.

2. SCOPE OF SERVICES

ShieldPoint Solutions provides OSINT investigations, surveillance and documentation services, and risk consulting. ShieldPoint Solutions does not provide law enforcement services or security guard staffing.

3. LEGAL COMPLIANCE

OSINT Investigations rely exclusively on lawful, publicly accessible information. No unauthorized access or impersonation is used.

Surveillance and Documentation follows the reasonable expectation of privacy standard. No recording occurs within private residences, beyond doorframes, or within fenced or privacy-shielded areas.

Idaho is a one-party consent state; however, audio recording is limited to lawful public settings only and never where a reasonable expectation of privacy exists.

4. ETHICAL STANDARDS

ShieldPoint Solutions adheres to confidentiality, objectivity, evidence integrity, non-exploitation, and professional judgment standards.

5. DOCUMENTATION & EVIDENCE HANDLING

All findings are accurately documented, securely stored, and professionally delivered.

6. CLIENT RESPONSIBILITIES

Clients must engage services for lawful purposes and understand that ShieldPoint Solutions does not provide legal advice.

7. LIMITATIONS & DISCLAIMER

ShieldPoint Solutions is not law enforcement. Outcomes are not guaranteed.

8. COMMITMENT TO PROFESSIONALISM

ShieldPoint Solutions maintains high professional, legal, and ethical standards.
